

BOSTON, SATURDAY APRIL 24

National March Against Racism

STOP RACIST ATTACKS - KEEP THE BUSES ROLLING DESEGREGATE BOSTON SCHOOLS NOW!

For the past 18 months in Boston we have seen the anti-busing movement use busing as a smoke screen to organize against all Black rights. There have been ups and downs in the racist movement, but a new outbreak of violence can occur at anytime. Presently this violence is at a new stage. It has included guerrilla attacks on Blacks in the schools, subways, and on the streets. Black families living in predominantly white communities have been physically attacked and kicked out of their homes. Whites who have been sympathetic to Blacks have also been attacked. Black college students have been victims of such attacks on the campus. White racists have made their incursions into our community ambushing lone Blacks and Puerto Ricans.

What is needed today in Boston is a movement—a counter-mobilization of the Black community and supporters of school desegregation, busing, and against racism. This is necessary to change the present

atmosphere in the city so Blacks can go to school, walk the streets and otherwise live in Boston without fear of racist attacks.

Boston is at the center of the racist drive to prevent the Black liberation struggle from moving forward. Boston is where racist and other reactionary forces get nationwide inspiration to advance their own attacks against Black rights. WE have to point the way for the national Black community. A failure to win school desegregation here will encourage further attacks on Black rights in cities across the country.

IT IS IN THIS PRESENT SITUATION IN BOSTON THAT WE CITIZENS, TAX PAYERS AND BLACK COMMUNITY LEADERS HAVE CALLED FOR A NATIONAL MARCH AND RALLY IN THIS CITY ON SATURDAY, APRIL 24th. FOR SCHOOL DESEGREGATION, BUSING, AND AGAINST RACIST ATTACKS.
